Citra, didn't
I tell you not to
sleep in here anymore?
You have a perfectly
good bed in
your tent.

It's fine, it's fine.
I was just too
busy is all, won't
happen again

You said
that last time
and the time
before that

You need to take
better care of
yourself, Citi

Yeah, yeah
Sorry 'bout that
Anyway, tell me what
Calam wanted

Do you know
what this means?

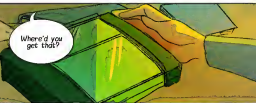

I do
Kind of cried
in front of Cal
and everything

Really?

Yeah. It was
a very emotional
time for the
both of us.

I'd bet
I'd be crying as
well if I could just
find that damn—

but—

Hey!

*I'm glad you all could
come in such short notice*

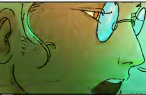

*As I'm sure you've
read the files I've put
before you, we've finally
found a Traveler
we need.*

He needs to be

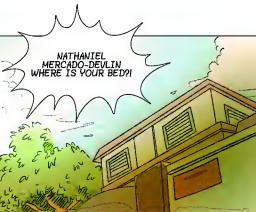

We need to be careful and make a solid plan when we approach them.

Whoever this Traveler is, they could be extremely dangerous—we must proceed with caution.

Hi everyone! First of all, thank you for all the wonderful comments and subscriptions to our little corner. Believe it or not we have read most, if not all, of your comments and we appreciate most of them! We don't think we'll ever see that our corner would be so well received, but it did so we all like to thank you guys for that.

Traveler is a story we've been working on for a while now so hopefully you guys will stick around until we reach the end (if we can, hopefully). Thanks again guys!

Oh, and ship whatever you want to ship. The author and the artist both love ships so ship away! (As long as you're shipping responsibly and all that)
